INSTRUCTIONS TO PROSPECTIVE OKLAHOMA SETTLERS.

The Canada Scandal—Several Important Appointments by the President—Other Washington Matters.

WASHINGTON, April 13.—In reply to inquiries regarding Oklahoma, the Commissioner of the General Land Office has written a letter which says:
"The lands in question are to be disposed of to actual settlers under the homestead laws only. A party desiring to become an actual settler under the homestead laws may initiate a claim by characterizing the tract and office after properly examining and selecting the land desired, in which case he is allowed six months from date of entry within which to establish his actual residence on the land, or if he so elect, he may initiate his claim by actual settlement on the land, which must consist of some act or acts connecting himself with the particular tract claimed, such as acts to be equivalent to an announcement of his intention and from which the public generally may have notice of his claim. Thereafter he is allowed three months within which to make his claim of record by entry in the district land office."
In regard to the exclusion of persons who enter the Territory before April 22, the commissioner writes to Senator Ingalls as follows:
"The act of March 2, 1889, to which Mr. Sommers refers, provides, as he states, that no one shall be permitted to enter or acquire any right to any of the Oklahoma lands in question, except in accordance with the provisions of the act by entering upon and occupying the same prior to 12 o'clock noon of April 22, 1889, the date fixed in the President's proclamation of March 23, 1889, and no person who enters after the approval of the act by proper authority, his presence there would not be regarded as a violation of this provision of the act. The primary jurisdiction to act upon applications to enter lands under the district land officers, and Mr. Sommers may present his application for entry to them with proper proof of his allegations. Should they refuse to permit an entry he may appeal from their action, which would bring his application and proofs before this office for adjudication of the case."
In speaking of the great line of immigration now setting toward Oklahoma, Commissioner Stockwell says that from newspaper estimates and from information received through official and personal sources he was of the opinion that fully 100,000 persons would enter Oklahoma within a month after April 22. For these 100,000 people there are only about ten thousand homesteads which may be entered under the President's proclamation. Therefore, for each quarter section open to entry there will be at least five or six applicants. The inevitable result of this tremendous influx, the commissioner thought, would be a great many conflicts, and he would be difficult to deal with them without much trouble and possibly some bloodshed. If the commission appointed to treat with the Cherokees for accessions of the Cherokee outlet could complete its duties within the next few months so that the new tract might be open to settlement before Congress again meets, this might and probably would relieve the pressure of the influx, and the equilibrium restored with difficulty. However, the commissioner has no doubt that the precautions now being taken to preserve order in the Oklahoma territory will be amply sufficient for the purpose.

APPOINTED TO OFFICE.

Lyman E. Knapp of Vermont for Governor of Alaska.

WASHINGTON, April 13.—The President has made the following appointments:
Lyman E. Knapp of Middlebury, Vt., to be Governor of Alaska.
James P. Lusk of Dakota to be registrar of the land office at Rapid City, D. T.
Thomas M. Reed, Jr., of Washington Territory, to be registrar of the land office at Seattle, W. T.

Spencer Hartwig of Covington, Ky., to be a special agent to make allotments of land in severalty to Indians, under the provisions of the act of Congress approved Feb. 8, 1887.

Henry S. Wise of West Virginia, to be United States marshal for the district of West Virginia.

Lyman E. Knapp, the new Governor of Alaska, is Vermont by birth and graduated at Middlebury college in 1882, being a classmate of the Hon. A. F. Walker, late of the Inter-State Commerce commission. After a short service in the war he became editor and proprietor of the Middlebury (Vt.) Register. He was afterward elected judge of probate, which office he held for several years. He is about 50 years of age.

W. H. Norton of Texas, John Yost of Illinois, John S. Stidger of Nebraska, and Sol A. Hawk of West Virginia have been appointed special agents of the land office. Mary Bailey of Ohio has been appointed a law clerk in the pension office.

MR. CANADAY'S TROUBLES.

Serious Charges Against the Sergeant-at-Arms of the Senate.

WASHINGTON, April 13.—The reports concerning the suit against Sergeant-at-Arms Canaday for alleged crookedness in transactions relating to the sale of stock of the Croesing company, in which he was interested, created quite a sensation here. The most serious one of all the specifications in the complaint brought against him is that he attached the name of Senator John P. Jones to 600 shares in the company, which had been issued in the name of Jones without his knowledge or consent, and that he negotiated this stock for his own individual interest. It is said that the difficulty has been pending for a year or more, and that the suits might have been brought last year, but the supposition is that the complainants wanted to give as much time as they could for a settlement of the matter. The impression is that the matter was permitted to go over until after the adjournment of the special session of the Senate so as to avoid any unnecessary complications and have the case settled one way or another before the reorganization of the Senate officers this coming winter.

The Armes Court-Martial.

WASHINGTON, April 13.—In the Armes court-martial Friday Judge Hubbell of this city appeared as counsel for the accused, Captain Knox having withdrawn. The accused existing in the board, occasioned by the relief of Captain Knox (who was relieved from duty upon being selected by Captain Armes as his counsel) was filled by the appointment of Major Theodore Schwan of the Adjutant General's department. Judge Hubbell entered into an argument to convince the court that the case presented was one which belonged to civil and not to military jurisdiction, but the court decided that it was a proper case to be decided by court-martial.

Capt. Armes, through his counsel, thereupon entered a plea of not guilty.

The President Commutes a Sentence.

WASHINGTON, April 13.—In the case of Steve Russell, convicted in the United States district court of the western district of Arkansas of murder, and sentenced to be hanged April 15, the President has commuted the sentence to imprisonment for life.

RIOTING IN MINNEAPOLIS.

Severe Conflict Between Street-Car Strikers and Police.

MINNEAPOLIS, Minn., April 13.—The street-car company made its first formal attempt to raise the strike shortly after 1 o'clock Friday afternoon. The move was made at the Fourth avenue car house. A special detail of policemen was on hand to ride in the car and see that order was kept. President Lowry and Manager

GOODRICH DROVE TO THE SPOT IN A CARRIAGE.

To see the first wheel move. The car proceeded on its way, but had not gone twenty feet before it was stopped by the men, the horses unhitched, and the car shoved back in the barn. The car carried Sergt. Hein and several policemen, but they made no attempt to arrest any one.

A few minutes before 4 o'clock there was a serious disturbance on Washington avenue, near First avenue south. A Fourth avenue car had with great difficulty made its way to the turn-table, and was on its way back. It was surrounded by a huge and excited crowd, which hurried about all sorts of its occupants. Finally someone set the brakes on the rear platform and stopped the car. At this juncture a squad of mounted police dashed out of an alleyway from the central police station and rushed at full speed into the crowd, with clubs drawn. Once in the center of the crowd they arrested three men and retreated. The crowd was constantly augmented and was getting very violent. To make matters worse a number of express wagons filled with strikers drove in front of the cars and succeeded in so filling up the street as to make a complete blockade. The driver of the car finally unhitched his horses, and went off, amid the cheers of the crowd, leaving the car standing on the track.

At 4:20 another car made its appearance on Washington avenue from the barn. The mounted police made a way for it through the crowd and it finally reached the turntable. On its way back the car was blocked by two wood carts which were dropped on the corner of Washington and Hennepin avenues. The crowd hoisted and yelled and then the car stuck. Finally the driver became disgusted, and, unhitching his horses, drove off. By this time the street was a mass of confusion. Three mounted policemen lost their heads and charged upon the crowd, throwing down several people and injuring a number. A severe assault was made at this time and one man was unmercifully clubbed by six or seven policemen. The noise frightened the car horses still more and the drivers and officers found it expedient to take them away from the car crowd really yielding to such a move. After remaining awhile and finding it impossible to hitch up again the horses were removed to a stable, and the attempt to move the cars abandoned for the time. After this the crowd became less demonstrative and gradually thinned out, leaving the two cars on the track, one near Hennepin avenue and the other near Third avenue south.

ST. PAUL, Minn., April 13.—The men on the street car lines here were all called out and the cars ceased to run at 3 o'clock Friday. The street car employees sought concessions from the company before the strike but without effect.

THUNDER, WIND AND HAIL.

Great Damage by Storms—Crops and Fruit Trees Suffer.

PITTSBURGH, Pa., April 13.—A heavy thunder, wind and hail storm visited portions of western Pennsylvania, eastern Ohio and Maryland Friday, doing considerable damage.

At Elk Garden, Md., a flash of lightning instantly killed John Wetzell, a farmer, 13 years old, and two horses.

At Franklin, Pa., a large iron tank containing 3,000 barrels of naphtha, at the refinery, was struck and completely destroyed.

At Mansfield, Pa., the roof of the new \$100,000 public school building was blown off, plate glass windows broken, and store fronts blown in. The storm was accompanied by hail.

At Sandusky, Ohio, hail stones the size of eggs fell, breaking photographers' skylights and many windows.

At St. Clairsville, Ohio, the roof of the Harnbrook mill was blown off, and tossed fifty yards into a vacant lot, and several large plate glass windows in the court house smashed to pieces.

At Poughkeepsie, Ohio, twenty miles below the storm struck Harnbrook's three-story brick building and the roof was blown off. It landed on Giffen, Bean & Co.'s drug store, a frame building, almost crushing it by its weight and damaged the contents considerably. A Mr. Coleman, who was in the third story of the Harnbrook building, was blown out into the street and badly injured.

The roof of the Ohio River railroad depot was blown off, and the building caught fire. The flames were extinguished before much damage was done. Many chimneys and several houses were damaged. Ten thousand dollars will cover the entire loss.

WHEELING, W. Va., April 13.—From 6 to 7 o'clock last evening a fierce thunder storm prevailed here and some good-sized hail-stones fell. A barn belonging to Charles Adolph, across the river, was struck and burned with its contents, including live stock, loss, \$3,000; insurance, \$200. The storm lasted several hours.

LOUISVILLE, Ky., April 13.—At New Albany last night Morris McDonald's flouring mill was struck by lightning and burned. Loss, \$8,000.

HUNTINGTON, Ind., April 13.—A barn containing grain, farming implements, and one horse, belonging to Christian Englemon, was struck by lightning and entirely destroyed. Loss, \$1,500.

Uniform Telegraph Rates.

LANSING, Mich., April 13.—Beginning May 1 the Postal Union and Postal Telegraph companies will charge uniform rates for messages, the Western Union lowering its rates in some instances and the Postal raising its tariff to many other points to correspond with the Western Union's prices.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Frank Sherer & Co.'s drug store as their giving away to their customers of a money free trial bottle of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

AMONG THE LEGISLATORS.

ILLINOIS SOLONS ADJOURN FOR ELECTIONS.

Several Measures Passed Before the Break-Up—Work of the Law-Makers at Madison and Lansing.

SPRINGFIELD, Ill., April 13.—In the Senate Friday Senator Matthews offered a resolution of regret for the death of James A. Farr, late bill clerk of the Senate, expressing the sympathy of the Senate with his widow and orphans in their great bereavement, and placing the widow's name on the pay-roll of the Senate as assistant bill clerk to fill the vacancy caused by the death of her husband. The resolution was adopted by a unanimous rising vote.

The bill to pay William Hovett \$143 for his services as State's attorney pro tem of Montgomery county was passed.

Senator Stratton offered a joint resolution providing for an adjournment of both Houses of the General Assembly till Wednesday morning next, on account of the municipal elections that are to be held next Tuesday. The resolution was suspended and the session was adjourned.

The bill making appropriations for repairs and improvements on the Juliet penitentiary, and the appropriation bill for repairs and improvements at the Soldiers' Orphans' Home at Normal, were passed without opposition.

Senator Bassett's bill for the release of trustees of building associations who remain in the State, or whose places of residence become unknown, was passed with no opposition.

Senator McDonald's bill providing that no more than two members of the board of trustees of any State charitable institution shall be members of the same political party passed by a vote of 26 yeas to 7 nays.

Senator Evans' bill increasing allowance for the burial of paupers from \$12 to \$15 was passed by a vote of 26 yeas to 5 nays, and the Senate adjourned until Wednesday morning of next week.

In the House a session was created by Mr. Merritt requesting a postponement of the roll-call on his anti-trust bill till next Thursday; after discussion such postponement was made.

The bill introduced by Mr. Ross of La Salle, providing for the examination of mine managers and regulating their employment, was read a third time and passed.

A long discussion was precipitated by the receipt of the Senate concurrent resolution providing for adjournment of both houses from Friday until Wednesday next by reason of the municipal elections occurring on Tuesday. The resolution was finally concurred in by a vote of 65 to 51.

WISCONSIN SOLONS.

Action Taken on Various Measures by the Senate and Assembly.

MADISON, Wis., April 13.—The Assembly has passed the following bills: To give miners a lien on ore; increasing the powers and pay of game wardens; to give extra pay to Legislative employees; to allow State troopers to settle separate debts. Keogh's contract labor bill was passed by a vote of 51 to 27. Also the bill increasing 70 cents per day the compensation of all Legislative employees now receiving not more than \$3.50.

The following Senate bills were concurred in: Reducing fees of treasury agents to 25 cents; for enforcement of judgments; allowing troopers to run over crossings without stopping when there are automatic switches; providing penalties for false statements to assessors.

The Assembly reconsidered its refusal to confer on the bill appropriating \$20,000 to Bentley Nolan and the bill went to the Judiciary committee.

The Senate concurred in the following bills: Appropriating \$1,000 annually for the maintenance at the university of a summer school for teachers; for the restoration of records of school districts when originals are lost; appropriating \$60,000 for a gymnasium and armory at the State university; permitting elections of towns, cities, and villages to decide by ballot whether to allow the appropriation to run over crossings without stopping when there are automatic switches; providing penalties for false statements to assessors.

The Senate concurred in the following bills: Appropriating \$1,000 annually for the maintenance at the university of a summer school for teachers; for the restoration of records of school districts when originals are lost; appropriating \$60,000 for a gymnasium and armory at the State university; permitting elections of towns, cities, and villages to decide by ballot whether to allow the appropriation to run over crossings without stopping when there are automatic switches; providing penalties for false statements to assessors.

Hard on the Soldier Boys.

LANSING, Mich., April 13.—The Senate committee on finance and appropriations has struck a vote of appropriation to pay the transportation of Michigan State troops to New York to take part in the centennial parade. Only a sum sufficient to pay the expenses of the Governor and company will be allowed. The House has agreed to the bill submitting to the people the question of choosing a convention to revise the constitution.

SAFE WITH THE SPOIL.

The Michigan Mill Men Get Into Canadian Waters With Their Barrels.

DETROIT, Mich., April 13.—A special to the Journal from St. Ignace says: The Michigan Brothers' mill plant is safe in Canada. After the Mary left Detroit for this port Wednesday the whole force connected with the Canada-bound expedition was put to work to release the floating craft and the plunder. Knowing the Mary would report their condition and an attempt be made to capture them in American waters. The pursuing tug, Saugateau, was in the offing and when the Mary was sighted, returned at 3 o'clock this morning. By the time the pursuers had overtaken the fugitives last night the latter had saved their way through the ice into Canadian waters and were under the guns of the Canadian gunboats.

Seeing the hopelessness of the situation the Saugateau turned back. The two mill and machinery-laden barges and the tug were behind an island in a safe position, and will remain there until the ice goes out so they can proceed to their destination.

Battle and Earthquake in Hayti.

NEW YORK, April 13.—Advices from Hayti by the steamer Delta, which arrived here this morning, state that heavy fighting took place on March 29 between St. Marc and Gonaives and that the same day great damage was done by an earthquake at Port de Paix, many houses being wrecked and several persons injured. No lives were lost.

A Wife-Slayer Convicted.

BALTIMORE, Md., April 13.—Joseph Casey was convicted of wife murder in the second degree Thursday. He beat his wife over the head with a hammer on the night of December 31. His wife died Feb. 1. Sentence was suspended, at counsel for the prisoner gave notice that he would move for a new trial.

Died of Hydrophobia.
